## REQUEST FOR WITHDRAWAL OF FINALITY OF OFFICE ACTION (FIRST ACTION AFTER FILING RCE)

Commissioner for Patents P.O. Box 1450 Alexandria, VA 22313-1450 March 7, 2007

Sir:

The Applicants have received an Office Action, mailed February 7, 2007, which has been made final. The Applicants request withdrawal of the finality of the Office Action in light of the following remarks.

The present Office Action is immediately subsequent to the filing of a Request for Continued Examination (RCE) with a proper submission and fee under 37 CFR §1.114 (RCE and Preliminary Amendment filed November 21, 2006). In order to make the Office Action final, however, the conditions set forth in Manual of Patent Examining Procedure (MPEP) §706.07(b) must be met. Specifically, the claims may be finally rejected in the first Office Action after the filling of an RCE where all claims are drawn to the same invention as finally rejected and would have been properly finally rejected on the grounds and art of record in the next Office Action.

U.S. Application No. 10/781,677

In the present application, substantial amendments were made to claims 1-2 and 22, and new claims 23-25 were added. As a result, a new rejection of claims 22 and 25 under 35 U.S.C. §101 was required; a new rejection of claims 1-2 and 22 under 35 U.S.C. §103(a) (over Maurer III et al., U.S. Patent Publication No. 2003/0065780 in view of Marshall et al., U.S. Patent Publication No. 2003/0135478 and newly-cited Yanai et al., U.S. Patent No. 5,742,792) was required; and a new rejection of claims 23-25 under 35 U.S.C. §103(a) (over Maurer in view of Marshall, Yanai, and newly-cited Janssen, U.S. Patent Publication No. 2003/0163510) was required. Indeed, the Office Action notes the requirement for the new grounds of rejection (page 2, Item 3: "Applicant's arguments filed on 21 November 2006 have been considered but are moot in view of the new ground(s) of rejection."; page 13, Item 9: "Applicant's arguments have been considered but are moot in view of the new ground(s) of rejection. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action." Accordingly, the finality of the Office Action appears to be premature, and the Applicants respectfully request withdrawal.

In addition, the Applicants request a reset of the statutory period for response to coincide with the mailing date of the Reply to this Request, so that the Applicants have a full response period in which to determine the next course of action for the application.

U.S. Application No. 10/781,677
